

# Prepare Your Community for New Federal Clean Energy & Climate Change Resources

A Briefing / Reception for County Officials

The Obama Administration and 111th Congress have promised major clean energy and climate change action this year. Attend this important briefing and reception to learn how to:

Secure competitive ***Energy Efficiency and Conservation Block Grant*** funding;

Support FY 2010 appropriations for the ***Climate Showcase Communities*** grant program; and

Urge Congress to recognize the important energy efficiency and greenhouse gas reduction role of counties in landmark ***cap-and-trade legislation***.
